# Memoria

My gift collection, es una nueva concepción de mobiliario, diseñado por Mano de Santo™ para García Ferrer.

Estas piezas son el resultado de un ejercicio de abstracción volumétrica buscando nuevas formas, rompiendo la caja para dar paso a la imaginación.

García Ferrer auna todo el virtuosismo del artesano ebanista, como viene haciendo desde 1942, junto con el diseño, en esta nueva colección de piezas únicas. Por ello todas las piezas van marcadas con la firma de la colección y acompañadas de un certificado de autenticidad, sellado tras pasar el control de calidad final.

My gift collection is a new furniture conception, designed by Mano de Santo™ for Garcia Ferrer.

These pieces are the result of a volumetric abstraction exercise, seeking new forms, breaking the box to leave pass to imagination.

García Ferrer joins all virtuosity of ebanist artisans, as it comes doing since 1942, within design in this new collection of unique pieces. For this, all pieces are marked with the collection signature, accompanied by an authenticity certificate, sealed after the final quality control.

# round

Familia de piezas que dibujan la misma figura variando las medidas. Como elementos generales presenta: Un sobre a modo de bandeja con un compartimento cerrado por una tapa superior que acompaña la silueta del mueble, unas ranuras laterales entre la estructura y los frentes de los cajones que nos marcan el plano frontal facilitando la apertura de estos y como remate las patitas en tirada que nos completan el volumen acentuando su figura.

Family of pieces which draw the same figure varying their measures. As general elements it presents: an envelope as a tray with a closed compartment by a superior cover along with the furniture's silhouette, some lateral grooves between the structure and the front of drawers define us the frontal plane, facilitating their opening, and as shot, the legs in a run which complete the volume accentuating their figure.

A close-up photograph of a dark-stained wooden corner of a piece of furniture. The wood grain is clearly visible, and the corner is rounded. The lighting creates soft shadows, highlighting the texture and depth of the wood. In the upper right, there is a logo for 'muebles INTERMOBEL' in red and black text.

# SQUARE

Imaginación, abstracción y volumen, son los puntos básicos en los que se ha apoyado el diseño de la colección. Esta familia es el fiel reflejo de ello, formas evocadoras, simplicidad en su concepción y un guiño al mundo de los sueños, hacen de estas piezas elementos que despiertan nuestra sensibilidad. Como elementos generales presenta: un cuerpo de geometría muy pura, unos frentes que nos dibujan líneas de antaño adaptándose al cuerpo general y dos patas semiesféricas que nos completan la rotundidad de la pieza.

Imagination, abstraction, and volume, are the basic points in which the collection design is based on. This family is the faithful reflection of it, evocating forms, simplicity in its conception and a glimpse into the world of dreams, make out of these pieces elements which awaken our sensibility. As general elements it presents: a very pure geometric body, some fronts which draw us lines from aforetime adapting to the body in general, and two hemispherical legs that complete the rotundity of the piece.
