EMOTIONS & SOLUTIONS

Quality, timeless design, excellence and adaptability are the values that guide Systemtronic's journey of over 30 years. Since 1988 we develop and manufacture contemporary auxiliary furniture that provides solutions for both the contract and residential sectors, effectively addressing the needs of such diverse spaces as offices and meeting rooms, hotels, education centers, healthcare facilities, restaurants and homes.

Our collections feature auxiliary furniture, storage systems, solutions for new technologies, accessories and complements with impeccable design and a distinct approach to problem-solving that makes us unique.

Our products, certified by the Technological Institute AIDIMME, are 100% manufactured in Europe using top quality materials and employing best sustainability practices.

Calidad, diseño atemporal, excelencia y adaptabilidad son los valores que guían la trayectoria de más de 30 años de Systemtronic. Desde 1988 desarrollamos y fabricamos mobiliario auxiliar contemporáneo que aporta soluciones tanto para el ámbito contract como para el residencial, con respuestas eficaces en espacios tan diversos como oficinas y salas de reunión, hoteles, centros educativos, centros de salud, restaurantes y hogares.

Nuestras colecciones proponen muebles auxiliares, sistemas de almacenaje, soluciones para nuevas tecnologías, accesorios y complementos con un diseño impecable y una propuesta diferente para la resolución de problemas que nos hace únicos.

Nuestros productos, certificados por el Instituto Tecnológico AIDIMME, son fabricados 100% en Europa con materiales de máxima calidad y empleando mejores prácticas de sostenibilidad.

MARIO RUIZ

A graduate of Industrial Design from Barcelona's Elisava University School of Design and Engineering, Mario Ruiz stands out for his discretion, allowing products to speak for themselves through their clean and coherent lines. His designs speak volumes in their simplicity; they live with their users without being conspicuous.

His extensive career experience is remarkable for its multidisciplinary and international projection, with projects that span furniture, lighting and technology design, architecture and creative direction. He has received over 50 awards in Europe and the United States, including the National Design Prize 2016, several Wallpaper Awards, Red Dot, IF, Deltas de Plata, Design Plus, among others. His work has been featured in several solo exhibitions, like the monographic show organized by the Instituto Cervantes of Milan during the Salone del Mobile 2018 or the one hosted by Feria Habitat Valencia 2018.

Licenciado en Diseño Industrial por la Escuela Universitaria de Diseño e Ingeniería Elisava de Barcelona, Mario Ruiz destaca por su discreción, dejando que los productos hablen por sí mismos a través de sus formas limpias y comprensibles. Sus diseños dicen mucho con poco; conviven con quien los usa sin hacer ruido.

Su amplia trayectoria sobresale por su multidisciplinariedad y proyección internacional, con proyectos que abarcan el diseño de mobiliario, iluminación, tecnología, arquitectura y dirección creativa. Ha recibido más de 50 galardones en Europa y Estados Unidos, incluyendo el Premio Nacional de Diseño 2016 y varios Wallpaper Awards, Red Dot, IF, Deltas de Plata, Design Plus, entre otros. Su trabajo ha protagonizado exposiciones individuales, como la monográfica organizada por el Instituto Cervantes de Milán durante el Salone del Mobile 2018 o la que le dedicó la Feria Hábitat Valencia 2018.

WING

The Wing collection is a very versatile wall or freestanding shelving system made of extruded aluminum. Its design is discreet, with a structure of essential shapes and shelves of subtle profiles that instill an expression of lightness and sophistication into the piece. The modules can be configured in multiple ways and heights to suit diverse needs and spaces, both in the contract and residential environments. The option to integrate sliding panels, oak or technical stone covers on the top shelf, as well as various accessories, serves to enhance and complement the functional nature of the system.

La colección Wing es un sistema de estanterías modulares muy versátil de aluminio extruido para pared o freestanding. Su diseño es discreto, con una estructura de formas esenciales y estantes de perfiles sutiles que otorgan a la pieza una imagen de ligereza y sofisticación. Los módulos pueden configurarse de múltiples formas y alturas para responder a diversas necesidades y espacios, tanto en el ámbito contract como en el residencial. La opción de integrar paneles deslizantes, embellecedores de roble o piedra técnica sobre el estante superior, así como otros accesorios, contribuye a ampliar y complementar la naturaleza funcional del sistema.

CONSTRUCTION ACCESSORIES

To extend and complement the functional nature of the system, four construction accessories have been created.

Para ampliar y complementar la naturaleza funcional del sistema, se han creado cuatro accesorios de construcción.

muebles
INTERMOBEL

01. Profile
Profiles made of steel that lengthen the lower shelf and hide the bases.
Only for 400 mm bases.

01. Perfil
Perfiles fabricados en acero que alargan el estante inferior y ocultan las bases.
Solo para bases de 400 mm.

02. Joint
Accessory designed for the joints between shelvings. It is placed where the shelves meet.

02. Junta
Accesorio pensado para las uniones entre estanterías. Se coloca en el encuentro entre estantes.

03. Panel
The panels are housed between shelves and can be placed interchangeably in front of and behind the shelf. The shelves have discrete cavities that act as rails and allow these sliding panels to be anchored.

03. Panel
Los paneles se alojan entre estantes y pueden colocarse indistintamente delante y detrás de la estantería. Los estantes constan de discretas cavidades que hacen la función de carriles y permiten el anclaje de estos paneles deslizantes.

04. Premium top board
Separate plate to be placed on top of the last shelf to hide the connecting screws. Available in: Techlam Kalos Bianco porcelain, Techlam Tempesta porcelain, matte oak and any of the other 9 finishes in the collection.

04. Tablero superior premium
Plancha independiente que se coloca encima de la última balda para ocultar los herrajes de unión. Disponible en: porcelánico Techlam Kalos Bianco, porcelánico Techlam Tempesta, roble mate y cualquiera de los otros 9 acabados de la colección.

CONTAINER ACCESSORIES

Four modular container elements. Its variety in size allows infinite uses, both decorative and organizational. The design is adapted to the dimensions of the shelf.

Cuatro elementos contenedores modulares. Su variedad en tamaño permite infinidad de usos, tanto decorativos como de organización. El diseño está adaptado a las dimensiones de la estantería.

muebles
INTERMOBEL

01. Tray
It is the widest tray of the Wing accessories. It has an interior felt that protects the tray and the objects that are placed on it. It is very suitable for storing folios and paper documents. There is the possibility of adding two mobile dividers.

01. Bandeja
Es la bandeja más amplia de los accesorios Wing. Lleva un fieltro interior que protege la bandeja y los objetos que se pongan encima. Resulta muy indicada para guardar folios y documentos de papel. Existe la posibilidad de añadirle dos separadores móviles.

02. Small Tray
Tray to place small objects. It has an interior felt that protects the drawer and objects. There is the possibility of adding a mobile divider.

02. Bandeja pequeña
Bandeja para colocar pequeños objetos. Lleva un fieltro interior que protege el cajón y los objetos. Existe la posibilidad de añadirle un separador móvil.

03. File holder
Box designed to store cards, folders or documents in an orderly way.

03. Archivador
Caja diseñada para guardar fichas, carpetas o documentos de manera ordenada.

04. Drawer
Tall container to store all kinds of objects. It has an interior felt that protects the drawer and objects. There is the possibility of adding a mobile divider.

04. Cajón
Contenedor alto para almacenar todo tipo de objetos. Lleva un fieltro interior que protege el cajón y los objetos. Existe la posibilidad de añadirle un separador móvil.
